User option to select email notifications and/or text notifications

The image is a screenshot of a mobile application interface. At the top, the status bar shows 'AT&T', signal strength, time '10:48 AM', location services, and battery level '92%'. Below the status bar, the URL 'adpq2prodweb.natomadev.com' is displayed. The main content area is a light blue rounded rectangle containing the following elements: a 'City *' label above a text input field; a 'State' label above a dropdown menu showing 'CA'; a 'ZIP *' label above a text input field; a 'Receive Email Notifications' label with an unchecked checkbox; a 'Receive Text Notifications (carrier charges may apply)' label with an unchecked checkbox; and two buttons at the bottom: a light blue '✓ Create' button and a dark blue '✕ Cancel' button. At the very bottom of the screen, a blue banner contains the text 'ues? contact adpq2@natomatech.com' and a 'FAQ' link.

Administrator has the option to send messages via email notification and text notification

The screenshot shows a mobile web browser interface. At the top, the status bar displays 'AT&T', signal strength, time '10:56 AM', and battery level '90%'. The address bar shows 'adpq2prodweb.natomadev.com'. Below the address bar is a toolbar with icons for text formatting (bold, italic, underline, strikethrough, text color, background color), list creation, link insertion, image insertion, and code view. The main content area is a large, empty rectangular box. Below this box, the text 'Text Message' is displayed above a text input field. At the bottom of the input section are two buttons: a light blue 'Send' button with a checkmark icon and a dark blue 'Cancel' button with an 'X' icon. The footer consists of a blue bar with the text 'Issues? contact adpq2@natomatech.com' and a 'FAQ' link in bold blue text.
