Main Flow

Step	Action/Cause/Stimulus	Reaction/Effect/Response
1	Resource Parent visits website	System displays the website home page
2	Resource Parent navigates to the log in area	System redirects Resource Parent to a log in page
3	Resource Parent enters their account email address and passphrase.	3.1 System checks that the email address and passphrase are correct 3.2 If check passes, the System continues to step 4 3.3 Otherwise, the System alerts the Resource Parent to the problem, and does not continue to the next step.
4	Resource Parent enters valid email address and passphrase.	System redirects the Resource Parent to their profile page
5	This completes the use case	
Alt Flow 1	From Step 3	
A1	User does not enter a valid identity and/or passphrase	System does not allow the User to log in to an account
A2	This completes the Alt Flow
